

INJECTASEAL

MH

InjectASeal MH is based on a melamine hybrid resin. It can be used in new block construction as well as retrofit applications. The specialized chemistry of InjectASeal MH allows it to be used in markets where UF foams are restricted or prohibited, such as California and New Jersey.

- Approved by California Department of Consumer Affairs

Licensee Name:	CFI FOAM, Inc.
License Type:	Thermal Insulation Manufacturer
License Number:	1474
Registry Number:	CA 473 (TN)
License Status:	CLEAR
Expiration Date:	January 31, 2013
Issue Date:	January 26, 2011
Renewed:	January 26, 1012
Address:	5909 Echo Dr. Knoxville, TN 37919
County:	Out of State
Actions:	No

- Class I / Class A - Tested at 4-inch Thickness per ASTM E-84-10
- R-Value - 4.4/inch at 75°F per ASTM C-518-10
- R-14 in a 2x4 wall
- Permeability - 17.32 perm inch per ASTM E-96-05
- Contains 3 EPA Listed Antifungal Additives Including MOLD-CARE™
